## IAN M'KENZIE MAKES AVERS TORIES DEFEATISTS

Continued from Page 1

... the speaker stated that he had "betrayed the efforts of Canada's great Liberal leader, Sir Wilfrid Laurier."

Mr. Bennett's speech was greeted with a "howl" of protest and the speaker was told to get out of the hall. He pointed to this as one of the major causes of the trade loss in Canada. The speaker stated that he had received 200,000 letters of protest during the period 1930 to 1935.

**NATIONAL DEFY**

And on top of this colossal loss the Tory leader had piled a debt on the country which now totalled over \$100 million. As against this he had received the support of the Mackenzie King government in reducing Canada's debt by \$257,000,000 during its reign.

Mr. Mackenzie declared that all the new reconstruction party had to do was to liquidate the enormous debt over a period of 20 years, which in the speaker's opinion was too long.

Bitterly criticizing Mr. Bennett's speech, Mr. Mackenzie stated that the speaker had "betrayed the efforts of Canada's great Liberal leader, Sir Wilfrid Laurier."

Mr. Mackenzie stated that he had received 200,000 letters of protest during the period 1930 to 1935.

## CROWD THRILLS AS HEPBURN MAKES PLEA

Continued from Page One

Smith, Liberal candidate at Camrose and others.

The meeting was held in the University of the two Edmonton candidates and was sponsored by the Young Men's Liberal Club.

Mr. Hepburn carried with him a pleasant surprise for the audience.

**MAKES BRIST TOO**

This was the appearance of William Campbell of Toronto, Ontario, Canadian radio personality. Mr. Campbell, who is a Liberal, has been touring the west with him. Known to thousands upon thousands of radio listeners throughout the country, Mr. Campbell's appearance to the evening's entertainment was enthusiastically received by the audience. Premier Hepburn declared he had justified his visit here by the fact that he had met the man he described as "the golden voice of the west."

**IT IS DIFFICULT** for me to find words to express my appreciation of the warmth of the welcome you have given me to this historic city of Edmonton, declared Premier Hepburn.

**EAGER WAKING**

"The east," he said, "is watching closely the possible application of federal credit to this province. Premier Bennett was in the election of the west, and I am sure that he will find the latter of it."

**PRaises CANDIDATES**

Warm, whole-hearted tribute was paid to the Hon. Charles Stewart and to Hon. Dufferin Campbell, who are running for agriculture in Alberta and now for the House of Commons.

George P. Smith, who is described as an old friend and whom Premier Hepburn is expected to defeat in the election, was also mentioned in the speaker's remarks.

**SPENDING ORGY**

"You will recall that Premier Bennett said he would spend as much on public works as the province could afford," he said, "and he has done so."

He then mentioned the fact that the province had spent over \$100,000,000 in the last year on public works.

**STEVENS INCLUDED**

He attacked the Bennett administration for its failure to deal with the unemployment problem. He stated that the government had spent over \$100,000,000 in the last year on public works, but that it had failed to deal with the unemployment problem.

**LIBERAL DEFY**

And on top of this colossal loss the Tory leader had piled a debt on the country which now totalled over \$100 million. As against this he had received the support of the Mackenzie King government in reducing Canada's debt by \$257,000,000 during its reign.

**LIBERAL DEFY**

And on top of this colossal loss the Tory leader had piled a debt on the country which now totalled over \$100 million. As against this he had received the support of the Mackenzie King government in reducing Canada's debt by \$257,000,000 during its reign.

## FOUR NEW CASES OF PARALYSIS ARE REPORTED HERE

Four more children resident in the city were reported to be suffering from infantile paralysis Saturday. The cases were reported by Dr. H. H. Jenkins, who is in charge of the city health department.

The first case was reported on September 10, and the other three on September 11. The children are all under the age of five.

**MADE DEPRESSION**

"But depression is man-made," the King government was quoted as saying. "The government is responsible for the depression. It is the government's fault that we are in this state of depression."

He then mentioned the fact that the government had spent over \$100,000,000 in the last year on public works, but that it had failed to deal with the unemployment problem.

**MAKES BRIST TOO**

# COPIANS PLOW FOREST TREBSMEN RARELY REVEAL HOSTILITY

In Addis Ababa Natives  
Are Polite to the Ex-  
treme; Respect Stranger  
But Not Out of Fear.

By PIERRE VAN PASSEEN  
Special Correspondent

ADDIS ABABA, Sept. 14.—In the whole of Abyssinia, but especially here in the huge forests on the way to Italian Somaliland, there are a few white men who have been here for a long time. They have asked me to allow them to touch my skin to see if it is real and not covered with some kind of magic. I have told them that I am not a wizard and that I am not a wizard.

They have asked me to allow them to touch my skin to see if it is real and not covered with some kind of magic. I have told them that I am not a wizard and that I am not a wizard.

## CALGARY POWER MAKES OFFER OF CITY ASSISTANCE

Edmonton will not be able to supply power to the Marcus Coal Company, the Calgary Power Company's line after October 1 when the interconnection between the company and city systems automatically terminates as a consequence of the city having declined to extend the power agreement.

G. H. Thompson, manager of the Calgary firm, has informed communica-

tion with reference to this communication. Mayor J. A. Clarke declared Saturday that commissioners had agreed to request covering the situation from Wm. Barnhouse, superintendent of the electric light department, and Alex Ritchie, head of the power plant.

Mr. Thompson also announced that, due to the fact his company would not be able to use city power lines after October 1, the firm would start immediate construction of a transmission line connecting its Beverly and Calder switching stations in order that it could continue service to its customers in Stoney Road, Light Albert, Morinville and other points.

The Marcus mine is located in Clover Bar, and under terms of the power agreement with the Calgary Power Company, the city has been using the company's lines from the transmission of energy to the mine.

With the termination of the contract, the city will be required to maintain uninterfered service to its customers in Northern Alberta. But the separation of the systems makes it impossible to interchange power between the two.

However in order to avoid any inconvenience to the coal company, the power company has offered to make any necessary provision for the city may wish for this service until the city can again supply its customers.

Italy Clamps Lid  
On Military News  
ROME, Sept. 14.—The official gazette today published a decree extending to the Italian colonies the sweeping military information law which forbids any disclosure of military information.

There are no hotels here, of course, nor inns of any kind. So I must try and sleep as best as I can at night. But I have yet to sleep at night. I am invited into sleep but every night. I have no complaints at all. With the great difficulty I make people accept payment for food.

But I am on the other hand exasperated with the monkeys. I thought monkeys were cute little fellows who existed for our amusement to be kept in a zoo, but the children may go on a holiday to laugh about their ludicrous antics. I have seen nothing of the kind. I have seen nothing of the kind.

## Chief Justice Rules Lawyer Is Not A Duck

Neil D. Maclean, K.C., is not a duck, according to a judicial ruling given by Chief Justice Harvey in appeal court chambers Saturday.

Mr. Maclean had a case that he heard Monday morning. "But Maclean is not a duck," the Chief Justice replied, as the barrister sought an adjournment.

Well, you're not a duck," the Chief Justice replied, as the barrister sought an adjournment. "The court ruled the case must go on as set down. If it's finished before the court Maclean will still be all right as the season officially opens at 12 o'clock.

## DUCKS TARGETS AT MONDAY NOON

Ducks and geese, undoubtedly enough to be abroad after 12 noon of Monday next will be target for thousands of Alberta sportsmen as the lid is formally prised off the hunting season in the area south of the Athabasca river at that time.

Sporting goods stores reported Saturday that business has been particularly brisk in the past week as the knights of the market stalk ducks and geese could be shot after September 1, partridge season opens on October 1 and closes November 1.

North of the Athabasca river ducks and geese could be shot after September 1, partridge season opens on October 1 and closes November 1.

Start Building  
New Pool At  
Miette Springs  
JASPER, Sept. 14.—On Monday workers will start on the new \$5,000 swimming pool at Miette Hot Springs. Jasper Park and the old log and moss chinked pool in use for many years will be destroyed.

Hundreds of Edmonton people are yearly visitors to these springs.

New Film Studio  
ETON, Eng. Sept. 14.—The fourth film studio to be established in Buckinghamshire will be located at the Ashgrove estate on the River Thames, opposite Runnymede. The studios are being called the Magna Charta Studios.

Farmers Ask  
For Help As  
Crops Ruined

Mass Meeting States Need  
of Feed, Seed, Food,  
Clothing

MAVERICKTOWN, Sept. 14.—A mass meeting of more than 300 farmers, gathered from a range of some 30 miles, here Friday afternoon, passed a resolution asking that the provincial government provide immediate direct relief for farmers whose crops have been ruined by hail and frost.

The resolution asked food, clothing, grain for hog feed, seed grain, financial assistance to thresh what grain remains and terms as easy as possible on grain loans.

Deputy Minister of Agriculture, H. A. Craig, was present and said that the Social Credit government realizing the farmers' predicament was already investigating need for seed and feed. He said he was attending to the request of Hon. W. N. Chant, minister of agriculture, who wanted knowledge of the situation.

Mr. Craig told the farmers that this was the first time he had heard of a government being asked to buy hog feed and asked what terms should be made for repayment. There were suggestions that 50 per cent be paid on next year's crop and 50 per cent be a lien on the hogs.

FORMS COMMITTEE  
A committee was formed to act between the farmers and the municipal council, as it was stated the municipal council was unprepared in the matter of relief. The committee were Wm. Ray, Redford Bridge, Alfred Potts, Green Court and J. Thomas, of Conner Creek. Each school district was asked to appoint two men to gather information on the needs of its section.

Farmers from Green Court, Redford Bridge and other points spoke during the meeting and three stories of being "down to their last vesting".

Farmers from Green Court, Redford Bridge and other points spoke during the meeting and three stories of being "down to their last vesting".

A few farmers asked when the Social Credit dividends would be forthcoming. B. Sistrup was chairman of the meeting.

Dr. Percy Talbot, on inspection here, stated that many horses are suffering from a disease which he said was typhoid influenza.

Canada, Russ.  
Join Plans In  
League Peace

By JOSEPH K. SHARKEY  
Associated Press Foreign Staff  
GERRA, Sept. 14.—Canada and Soviet Russia, embracing vast stretches of territory on opposite sides of the globe, joined the rally against the League of Nations covenant on the bitter Lithuanian quarrel today.

"Canada believes," Hon. C. H. Ferguson, the Canadian delegate declared, "the League of Nations is an indispensable agency for world peace."

We hope an honorable peaceful solution of the Ethiopian controversy will yet be reached. Unfortunately this seems not to be the case. Canada will join with other members of the League in considering low, by unanimous action, peace can be maintained."

Government  
Oil Official  
FORCED OUT

Continued from Page 1  
The official had resigned at the ministerial request.

Both Hon. Mr. Ross and Mr. Calder were formerly in the Dominion government service. Hon. Mr. Ross was a supervisor of losses and Mr. Calder held a post similar to that he has just relinquished.

When the province took over administration of the natural resources in October of 1930, Mr. Calder took charge of the petroleum and natural gas division, which he has since held. He was active in the hearings before the legislature during the representative time prior to the passage of the legislation.

Valley Watches  
Whether his departure from the government will involve a change in policy toward Turner Valley is unknown, although it is understood the government plans development of this industry.

A forecast of change was given by the minister in the week when the government announced that the minimum land necessary before drilling operations were commenced.

TRI-POWER PACT  
OF GUARANTORS  
AROUSSES GERMANY

Britain, France, Italy  
Assure Lithuanian  
Rights to Post-War  
Area.

LONDON, Sept. 14.—The election in Menei Sept. 29 third three major European powers involved in a situation which threatens to become a potential powder keg.

The nations are France, Italy and Great Britain, guarantors of Lithuania to insure proper conduct in the baltic of Menei upon noting that Germany is aroused by the situation.

It is pointed out that if German interests win at the polls, Hitler's government will have new opportunities to push its claims, and if Lithuania controls the result, Germany will have new opportunities to push its claims.

It would be reduced from 180 to 40 acres.

No successor to Mr. Calder has been appointed as yet.

It is rumored in well informed circles that Mr. Calder's successor will be O. C. Desrochers, Calgary oil operator, who was an unsuccessful federal candidate in the election of Aug. 20.

Asked to comment on Mr. Calder's resignation, Acting Premier Hon. Ernest C. Manning declared that the resignation was not part of a campaign to "clean house."

## PAIR ESCAPES HOUSE BLAZE

Fire which started about 8:30 p.m. Friday swept the rear part of the house of Thomas Barnhouse, 12128 88th street, doing considerable damage before it was noticed by two young people who were sitting in the front room.

The fire is believed to have started under the back veranda, became ignited and flames made quick headway in the beaverboarded three-room dwelling before they were noticed by Mr. Barnhouse's daughter and her friend, Mr. and Mrs. Barnhouse were away. The blaze was insured.

Must Vote Fair  
LONDON, Sept. 14.—Great Britain, France and Italy, as guarantors of the status of Klaipeda (Menei), have sent a note to Lithuania warning it that forthcoming elections in Klaipeda must be held fairly and impartially. It was officially announced today.

Right with cartridges how old he was. "I was born in the year of the great famine," he said. "This is not much water, for I have no idea when that was."

"Where is your house?" I had my interpreter ask next. "There," he said and pointed to a woken clump of sticks up in a tree. I saw a grey-haired old woman peering down at me.

This is the case of the Italian army, impermeable forests, a savage, uneducated and totally undisciplined natives. I have seen nothing of the kind. I have seen nothing of the kind.

There are no hotels here, of course, nor inns of any kind. So I must try and sleep as best as I can at night. But I have yet to sleep at night. I am invited into sleep but every night. I have no complaints at all. With the great difficulty I make people accept payment for food.

But I am on the other hand exasperated with the monkeys. I thought monkeys were cute little fellows who existed for our amusement to be kept in a zoo, but the children may go on a holiday to laugh about their ludicrous antics. I have seen nothing of the kind. I have seen nothing of the kind.

circulation books of The Edmonton Bulletin.

IF IT WILL HELP ALBERTA  
THE EDMONTON BULLETIN IS FOR IT

SATURDAY, SEPTEMBER 14

FITTING

Mr. Bennett says his Government stands on  
the rock of reform. Seeing the  
said performance has put the country on the  
rocks it is inevitable, that the  
Government should land in the same place

LAVAL CHOOSES "SECURITY"

Premier Laval has decided he would rather  
live in a relatively ordered society of nations  
than in a chaotic one. He has chosen "security"

Two valuable assets, belonging to  
His Excellencies the Earl and Countess of  
Aberdeen, were steamed to death en route from  
Vancouver to Montreal.

The British school district is being divided,  
the western part to be erected into a new one  
known as the Turnip Lake district.

THIRTY YEARS AGO  
Ottawa.—The Uruguayan government has  
denounced the Canadian sealing vessel "Agnes G.  
Donohue" of Halifax, seized a year ago for  
poaching.

Clasch Liberalism nominated Mr. C. A. Stuart  
as their candidate for the legislature.

Regina.—The first government of the province  
of Saskatchewan has been announced. Hon.  
W. S. Woodcock, premier of the province, has  
been named.

Acting Premier Manning says there is a  
prospect that the Canadian National railways  
will grant the province the necessary lease of  
the abandoned railway grade, while \$200,000  
of the loan secured at Ottawa will be earmarked  
for the completion of the Jasper highway as  
a full width, standard, all-weather road.

Not forgetting the proverbial "rip between  
the teeth and the lip," which sometimes occurs  
in inter-governmental dealings, this is encouraging  
news. If nothing unexpected happens, the  
Jasper highway may be a reality by the end of  
this year or by the time tourist traffic will  
start to move next summer.

Prompt action by the Alberta Motor  
Association, the Edmonton Automobile Club and  
other organizations, and the ready co-operation  
of the new Provincial Government, have  
produced this most gratifying result in a  
difficult situation. As for the Dominion Government,  
there has never been any definite evidence that  
it was unwilling to assist this enterprise.

It is a political "rip," admits he is a  
forgotten himself since he got into a peculiar  
atmosphere. He just can't understand why Mr.  
Aberdeen does not want a Social Credit  
candidate against the Premier in the West  
Calgary, though Mr. Irvine, Mr. Spencer and  
other C.C.F. members of the late parliament  
had agreed to support him in the event of a  
run-off.

Mr. Bennett is to be returned to power  
if Mr. Aberdeen can retain him in power.  
Newly elected members of the legislature  
would be otherwise. Forbid any suggestion  
from this quarter that Mr. Bennett should not  
be opposed; or that similar attention should  
not be shown to the late C.C.F. members. But  
just to help spread the cause of enlightenment  
in three hostile camps, may it be suggested  
that a different status of Mr. Bennett and  
the members in question?

Whatever the faults of the Premier, and they  
are many, he is at least a man of a straight  
course on the monetary question. While the  
C.C.F. members after preaching public credit  
of public credit for ten years voted for private  
ownership of the Central Bank. May it not be  
that the Social Crediters, whatever their  
views on "Fog" in matters of finance, prefer a man  
who will not be talked into a corner and then  
vote the other?

CURTAILED "PLENTY"

Canada's wheat crop this year is useful but  
poor. It is estimated that the total is  
placed at 200,000,000 bushels. But of this  
600,000,000 bushels will be low grade grain, useful  
only for feed.

The outlook in early summer was for a crop

of 400,000,000 bushels. Rust was mainly responsible  
for the shrinkage in both the quality and  
the quantity. The rust damage was so extensive  
the Bureau of Statistics estimates that from  
two to three million acres in Manitoba and  
southern Saskatchewan will not be cut, while  
over an equal area there will be only a small  
crop of poor quality.

Nature has done the crop-cutting this  
year that the most ardent reclaimer could  
desire. As a necessary consequence, a large  
number of farm families will be trained to  
live to be carried through another winter on  
relief. Even with the paged price above  
normal level, returns from a scant crop of low  
grade grain will yield a poor return, while it  
will mean nothing at all to the farmer whose  
crop has been destroyed.

An encouraging fact is that the rust plague  
may not occur again for many years. Experts  
tell us the wide damage was done this year only  
because southern winds prevailed just when the  
rust was in condition to carry from the southern  
states and Mexico. That information will help  
the stricken farmer to pay his bill, and it  
tempers the rage that the anxiety may befall  
him again next year.

Forty Years Ago  
From the Files of The Edmonton Bulletin

The brick-layers of this place went on strike  
on Tuesday last. They were not to work  
supposing they would be paid the going wage,  
which they say is from \$1 to \$3 per day, and  
fearing that the contractors intended to pay  
only from \$2.75 to \$3.25, they demanded a set-  
tlement. Finding they were to be paid at all,  
the brick-layers quit their work. They are all  
off work and building is at a standstill,  
excepting what work the contractors can do  
themselves.

John Collins, a St. Boniface teamster, fell  
from his horse on Tuesday last, and broke  
his neck. He is still alive, in the hospital at that  
place, with a plaster of paris cast incasing the  
neck, and has a prospect of complete recovery.

Two valuable assets, belonging to  
His Excellencies the Earl and Countess of  
Aberdeen, were steamed to death en route from  
Vancouver to Montreal.

The British school district is being divided,  
the western part to be erected into a new one  
known as the Turnip Lake district.

## The Passing Show

By J. S. COWPER

An esteemed reader who accuses me of trying  
to poke quiet fun at the new provincial  
government, who I know I don't give  
them helpful suggestions instead.

While I can't plead guilty to the indictment  
his line of reasoning is faulty. I try to help  
them with suggestions, though  
not sure whether they are  
needed.

Also, that I cannot help  
them with suggestions on how  
to cope with the foundation  
product an enquiry into money and  
philosophy.

That comes from inability to  
comprehend their economic  
philosophy, which is more or  
less a secret between the  
Premier and the Major.

Douglas, I can only tender  
suggestions on minor problems of administration.

In the first place they should make a demand  
on the oil companies for a reduction of  
the price of gasoline to balance the 25 cent  
per gallon cut which the companies gave to  
British Columbia last week. There isn't a reason  
in the world, now that the U.F.A. government  
has gone out of office, why the oil companies  
of Alberta should continue to pay five and  
six cents a gallon more than gasoline users  
in the sister provinces.

Gasoline had been selling in Vancouver for  
32 cents a gallon up till September of last year,  
or within two cents of Edmonton prices. Now  
the Patullo government appointed Mr. Justice  
M. A. Macdonald of the Appeal Court bench to  
conduct an enquiry into gasoline prices. Efforts  
by the Liberals in the Alberta Legislature to  
secure an enquiry into gasoline prices were  
thwarted by the U.F.A. government.

However the B.C. government, desiring more  
discretion, had the U.F.A. government, desiring  
concurrently with the enquiry of the B.C. government.  
The report of Mr. Justice Macdonald is  
expected to be ready in a few days.

Prices in the meantime were lowered to 30  
cents a gallon at which they remained till Friday  
of last week when the oil companies announced  
that they would raise the price of gasoline to  
32 cents a gallon (including a seven  
cents provincial tax) and 35 cents for ethyl  
gasoline. Lesser grades are selling at lower prices.

The voluntary reduction is generally interpreted  
as a move to take the bite out of the  
anticipated report of Mr. Justice Macdonald.  
However, the oil companies say it is based on  
a general reduction of the prices for California  
crude oil, which has been met by crude producers  
in other fields.

Whichever explanation is the true one, its  
reasoning should apply with even greater force  
to gasoline prices in Alberta, which under the  
U.F.A. government were boosted above the  
prices of gas in all other provinces of Canada.

Here is a service for the new Alberta government  
to perform. It is to make a survey of the  
cost of living in the province. It is to make a  
survey of the cost of living in the province. It is to  
make a survey of the cost of living in the province.

## Insomnia or Wakefulness

By DOCTOR FRANK MCCOY

In our present stage of evolution it is necessary  
for us to spend about a third of our time  
in sleep. Sleep seems to be a state of  
hypnosis, during which the body is able to  
rest and overcome the effects of fatigue.

poisons which have accumulated during the  
hours of activity. Also during  
sleep, the nerve cells are  
recharged with energy.

The inability to sleep may  
arise from purely mental  
causes. As a general rule, however,  
patients tell me that they  
were sleepy until they went  
to bed, after which they be-  
came wide awake. If a per-  
son believes that he will fall  
asleep as soon as his head hits  
the pillow, he usually will.

However, there are many physical and mental  
causes capable of producing insomnia or sleep-  
lessness. As a general rule, however,  
patients tell me that they  
were sleepy until they went  
to bed, after which they be-  
came wide awake. If a per-  
son believes that he will fall  
asleep as soon as his head hits  
the pillow, he usually will.

However, there are many physical and mental  
causes capable of producing insomnia or sleep-  
lessness. As a general rule, however,

# RADIO ACTIVE IN ENGLISH SCHOOL WORK

Visiting Educationists Describe Novel Methods

Methods by which 20th century educational devices are used as aids to scholastic education in Great Britain were demonstrated to a gathering of teachers and educationalists in the Normal school auditorium Friday evening by G. T. Hankin, B.A., senior staff inspector of the English board of education for the city of London and the county of Kent.

The meeting was held in connection with the visit to Edmonton of a party of prominent British educationalists, of which Mr. Hankin is a member.

Radio and moving pictures, entertainment mediums for people the world over, can be used and are being used in Great Britain to supplement the teaching art in educating the youth of the island. Motion pictures, produced by one of England's largest companies and records of progress broadcast by the B.B.C. were used by the speaker in demonstrating the progress that has been made in education along mechanical lines.

Principle of mechanical aids to education is to gain concentrated attention of students on a question series he is able to obtain. But it is the duty of class room authorities to follow up the advantage gained by undivided attention to thorough development of the desired knowledge, the speaker asserted.

The devices being demonstrated are merely aids to education and can never substitute for the teacher as the chief factor in school room teaching.

Educational entertainment can be used to train atomic tates in motion picture and radio progress. Public standards are gradually being raised in both spheres by proper education, Mr. Hankin opined.

"Sympathetic understanding of a problem is the basis of social life," he asserted.

The British Broadcasting Corporation is releasing three programs daily five days a week for class room use. The programs are being received at present in 2,000 schools in which 50,000 students are enrolled for radio classes.

Samples of the type of educational broadcasts being released demonstrated through recordings, including interesting entertainment for the audience. Travel through Africa, a music lesson, a dramatic lecture and readings from English poets provided an interesting

# Oh, Promise Me

By R. T. ELIOTT, K.C.

A few years ago the Edmonton Bulletin published articles of accuracy proven by ascertained figures showing that the public debts of Canada had reached the impossible stage; and that the refunding should be done by the federal government.

Also that the old age pension laws were good as far as they went, but should be given a real constructive effect, by retiring women of fifty and men aged from the labor market.

A cabinet member of the Bennett administration came to Edmonton and said that the policies of the Bulletin would pull down the financial pillars of the nation.

Now Prime Minister Bennett says that everything which the Bulletin advanced three years ago must be done; and that he will do these things.

Also the Prime Minister says that when he promised five years ago to end unemployment he really meant it; that he repeats the promise now and that he will end unemployment.

This gives the key to the method of performance of the Prime Minister's promises. Time is of no object; the intent is the thing; and when the five-year cycles have rounded out into a half-century the promises will still be good and well intended.

# Palethorpe New C.P.R. Supt. For This Division

Mr. J. L. Palethorpe, who during the past few months, has been acting superintendent of the Edmonton division of the Canadian Pacific railway, with headquarters at Edmonton, to succeed the late Mr. J. H. Chown, according to the announcement by E. D. Cotterell, general superintendent, Calgary.

Mr. J. L. Palethorpe, who during the past few months, has been acting superintendent of the Edmonton division of the Canadian Pacific railway, with headquarters at Edmonton, to succeed the late Mr. J. H. Chown, according to the announcement by E. D. Cotterell, general superintendent, Calgary.

# TWO ITALIANS ARE ARRESTED AT GIBRALTAR

GIBRALTAR, Sept. 14.—Two Italians, arrested here Friday, were in the custody of British Military authorities last night after they had tried to enter the military zone, according to a statement issued by the military command.

The two, who gave their names as Alfredo Bagaglietti and Giorgio Bedini, came from Tangier and it was said they had no passport or credentials. The object of their visit to Gibraltar, Great Britain's stronghold that controls the entrance to the Mediterranean, was not revealed.

# DISCOUNTS FOR DOCTORS'S MOUNT POINT

Discount Privileges at Hospitals Causes Argument

Policy of giving discount to doctors on the medical staff of the Royal Alexandra hospital in cases of hospitalization came in for strong criticism at the hands of Mayor Joseph A. Clarke at the monthly meeting of the city council Friday. The mayor contended that to give a discount to doctors was to pay full hospital charges than any other class and were not entitled to special consideration.

Superintendent Dr. A. F. Anderson, and members of the board explained that staff members were called upon to treat many indigent cases and members of the nursing staff without remuneration and this was the reason that consideration was given them in respect to hospitalization.

"I think doctors, as a class, should pay 100 cents on the dollar in this depression if any class should," Mayor said, following the reading of the executive committee's report on hospitalization of employees.

"Everybody sponges off the doctors. Staff medical men give no real attention in many relief cases and need to be paid for their services," Anderson replied, in defense of the medical staff.

The mayor replied he knew of no doctors who were not paid their bills promptly by the city for relief cases treated.

"This is the true in case sent to the hospital by the city for relief cases," he said.

"The mayor replied he knew of no doctors who were not paid their bills promptly by the city for relief cases treated."

"The mayor replied he knew of no doctors who were not paid their bills promptly by the city for relief cases treated."

# ABERHART LAYS THEORIES BEFORE TORONTO CROWD

**Finds Businessmen Co-operating to Abolish Heartbreaking Cut-Throat Price Methods.**

TORONTO, Sept. 14.—Economic theories of Father Coughlin, Detroit priest and critic, may be moulded into the machinery of government with Albert Aberhart's plan to distribute \$25 a month to every adult in his province of 731,000 persons.

In search of the "most expert advice on the continent," the world's first Social Credit premier entrained last night for Detroit where he plans to have conversations with the priest of the Shrine of the Little Flower.

Premier Aberhart, who spent Friday expanding his economic theories to the Toronto business men, plans also to interview Henry Ford if the meeting can be arranged. He was uncertain as he departed whether arrangements could be made.

**NO CONFUSION**  
Mr. Aberhart said there would be no confusion in his province. He was not a radical, he asserted, and would move cautiously, testing his theories into practice. The earliest move would be to cut the price of wheat to 18 cents a bushel.

Premier Aberhart spoke of the policy in many countries, particularly the United States, where men plant crops and cattle and business men do so in order to make a profit. The Danish government, he said, burned 500,000 cattle per week, enough to feed 600,000 people every week, and millions of bags of corn and sugar were destroyed in other lands.

**SEEKING SOLUTION**  
"And we have people suffering from a lack of basic necessities," he said. "Surely to goodness people can't find fault with me for trying to solve this problem."

The premier told of reading Major Douglas's book on the new theory three years ago when he was in Edmonton. His first reaction was that the theory was impractical, that it was something for the future.

**EXPECT KRYPTICS**  
Looking back on those days, he could hardly blame people for being skeptical when told of what Social Credit involves. He had studied other plans advocated by other parties, the system of public works which means wages for work, and monetary reform.

"If we are going to have Social Credit, we are going to have it," he declared. "I don't mean interest, and interest means less ability to pay taxes and less ability to pay taxes and less ability to pay taxes and less ability to pay taxes."

**KILL CUT-THROATING**  
"As for monetary reform, 90 per cent of business today is conducted by cheques and drafts. I think we should deal with the 10 per cent instead of trying to start with the 90 per cent. Our first task is to establish a fair price for goods. The cut-throat competition of the present is a heart-breaking and business men are anxious to co-operate with us in the hope of abolishing it."

"If we have all these things can't we do," affirmed the premier. "Do any of you men in this hall today mean to say you can't feed and shelter those in need? That they must starve?"

"If we in Alberta don't do it, who will? Will you people in Ontario help us?"

**U.S.-Colombia Trade Pact**  
WASHINGTON, Sept. 14.—The state department Friday announced conclusion of an unconditional most-favored-nation trade agreement with Colombia—the fourth reciprocal tariff pact to be written.

# AFRICAN KINFISHES PROOF OF SEXTUPLET BIRTH

## AMAZING NATAL EVENT SIX BABES BARED BY PHOTO

DETROIT, Sept. 15.—Among the half-naked savages who roam the Accra district of West Africa's Gold Coast, there may be today six who are more remarkable than the Dionne quintuplets of Canada.

The chances are that most or all of the six are dead, but it is possible that they're still circulating. Of their birth there is no doubt. The fact is attested by the accompanying photograph—believed to be the first authentic photograph of sextuplets ever published in a newspaper—and by other photos and letters located after persistent search.

The existence of the African rivals of the Dionne quintuplets was known to the world last winter when Dr. Edward A. Schumann, obstetrician of the University of Pennsylvania, showed a lantern slide of the sextuplets at the convention of the American Gynecological Club at New Orleans.

A six months' search for the actual photograph was rewarded when it was found among pictures and letters in the hands of Mrs. John E. Luetizer, who lives in Detroit as the widow of John Eugene Luetizer, a German missionary-trader on the African Gold Coast.

Luetizer was on the Gold Coast in 1890, and attested, at old others, the birth of sextuplets on May 10 to a mother of the tribe. This is the last authenticated instance of sextuplets known to medical history, which records only eight sets of the quadruplets and the climate is hot and unhealthy for Europeans. The Accra live in crude mud huts and are a fertile race, the source of 800,000 slaves, carried off to America during the 18th century.

Alma died after eight days. Amidst this jungle hell, the mother of the Accra sextuplets. One of the German mission doctors attended the mother and all six children were alive after eight days. The only native physician in the village, residing in brass but not in a brick house, was designated to attend the birth.

There was a great local sensation when the photograph of the sextuplets was made. In the United States, authentic records of sextuplets are not lacking. The first known were born to a Mrs. Mart

Here's the Only Photograph Known to Exist Proving Astounding Birth of Six Babies to African Mother; Their Fate Shrouded in Mystery

The sextuplets of Accra, Gold Coast, West Africa, are shown above in what is believed to be the first authentic photograph of sextuplets ever published in a newspaper. Guarded by a grim and faithful policeman, these tiny babies were seen and photographed by missionaries shortly after their birth. May 10, 1890. They were known to have lived eight days, but their ultimate fate is unknown. Perhaps in some remote interior jungle of the Gold Coast, these sextuplets are alive today.

of Philadelphia, Me., on June 27, 1846, but two were living and four dead at birth.

Mrs. George Hirth, of Navarro County, Texas, gave birth to four boys and two girls on Nov. 17, 1848, eleven years later Mrs. J. Hart of Mobile, Ala., gave birth to six boys, on Dec. 8, 1859.

Ever since the birth of the Dionne quintuplets and their immediate record of survival, reports keep cropping up of multiple births of as many as seven babies, but none has been well authenticated in recent years at least.

Even the case of Hendenburg, Weer, Germany, commemorated by a tablet at No. 3 Emmenstrasse, regarding the birth of sextuplets is not lacking. The first known were born to a Mrs. Mart

living in Saskatoon, whom he claimed owed a sum totaling some \$1000.

In the letter Hutchinson offered a settlement and went on to tell him that failure to accept the offer would result in criminal proceedings on an alleged theft.

SASKATOON, Sept. 14.—Found guilty by a Kings Bench jury of trying to extort money from Reggie Conn, his alleged debtor, by means of threats, Albert T. Hutchinson, 64-year-old Strungfield, Sask., merchant, seen suspended sentence from Hon. Mr. Justice W. E. Knowles Friday afternoon. Sentence was suspended for six months and Hutchinson was released on his own bond for \$500.

The jury was out three hours arriving at a verdict, part of that time being used for luncheon. Added to the verdict was a recommendation for mercy.

The charge was based on a letter written by Hutchinson to Conn, former Strungfield resident, who

white, as well as providing one with many hours of amusement and instruction.

## HUNTERS TAKE ALL AVAILABLE LUSCAR GUIDES

LUSCAR, Sept. 14.—The attractions of the Luscar and Jasper Park area for big-game hunting has resulted in many parties arriving here to be outfitted with pack-trains and guides.

For a forty day trip in the mountains a party headed by Major Stewart and wife of London, England, has already left Luscar.

Dr. Louis Hek, director of the Zoological Gardens at Berlin, Germany, is expected to arrive on the 15th for a thirty day hunting trip in company with one of the field boys from the zoo.

Dr. Hek, who is the author of many authoritative works on the animal life of various countries, will photograph and study the animals of the Canadian Rockies.

Another party of U.S. big game hunters, headed by Mr. J. H. Hek, is expected to arrive on the 15th for a thirty day hunting trip in company with one of the field boys from the zoo.

One-Legged Swin Stars Win Golden Gate Swim Meet

## JUNIOR WINES IN IMPORTANT GAME MONDAY

**Resume Final Playoff Series At Boyle Street Park**  
Safeways and Army and Navy Girls will resume their important playoff series on Monday evening at the Boyle street ball park, with the game to get underway at 8:00 o'clock. By taking the sixth game, after winning three of the five already played, Safeways can capture the city championship series with their fourth triumph. The series is to be decided on a four-decisions basis. However, girls still have the big chance of tying up the count, forcing the series into seven games by tying up the first three games. The series will be fought hard against elimination. For girls expected to play, the expected lineup is: Safeways, Ruthie Morgan will probably be the Safeways thrower.

**Ald went to Drumheller, representing Edmonton Athletic Club, to compete in a race there, but it had been postponed for the failure of officials to get the necessary sanction. He was assured that he could make an exhibition run against time without danger of losing his amateur status and in order not to disappoint his backers or those in attendance at the meet, did so. He was the most surprised person in the province when he read the dispatch that he had been suspended and heaved to find out all about it from A.A.U. officials.**

## BARNHOUSE WINS YACHTING RACE

On Sunday last at 11:45 a.m. twenty boats faced the starting line at South Lake in a strong wind, calling the "Catalina" race, three times around the triangle course. Most of the boats carried three. At the start, but Barnhouse worked into the lead, sailing the "Catalina", the largest of boats. This skipper was never headed except within a few feet of the finishing line. The "Clippers", sailed by Robertson, nearest out the Catalina. These two boats sailed a good race, which was interesting to spectators, but unfortunately the "Clippers" fouled A. Alchison on the second round and was disqualified. This race practically finished the season's racing, except for finishing the Skippers' race, which will be held on Sunday, next if possible.

**No definite word has yet been received concerning Junior gridiron prospects for this fall. It is pretty well known that there will be no amateur club here. In fact, it is just about certain that no amateur club here. In fact, it is just about certain that no amateur club here. In fact, it is just about certain that no amateur club here.**

**Chicago Cubs gained a great big jump on St. Louis Cardinals yesterday when they whipped Brooklyn Dodgers, while Cards were dropping a decision to New York Giants. As a result, the two teams are practically tied for first place in the National League race as they draw the stretch in the most fierce drive of either of the major circuits has known for years. What happens to the Cardinals in the remaining games of their series with New York will have an unusually important bearing on the race and may, as a matter of fact, be the league's entry in the 1935 world series.**

## Minor Puck Loop May Change Boss

**LONDON, Ont., Sept. 14.—Boss of the Cardinals in the remaining games of their series with New York will have an unusually important bearing on the race and may, as a matter of fact, be the league's entry in the 1935 world series.**

## Montreal Motorboat Champions Win

**PHILADELPHIA, Sept. 14.—Defending titlist in the eastern motorboat championships, the Schuylkill Flyers were pushed out of first place by the Erie Club of East Long, Pa., new champions destroyed old in every division of the amateur series. Carlie, the only double winner, took the B and F division crown with straight victory over the five-mile course. The sole invader, Dick Driscoll of Victoria, B.C., was shut out. Driscoll's motor coughed out on the "C" division first heat, killing his chances. In the hands-on race won by Harry Creamer, Albany, N.Y., driving a midge, Driscoll finished second.**

## Defeat Buffalo

**RUFFALO, N.Y., Sept. 14.—Buffalo Royals evened their International League playoff series with the Buffalo Bisons at two victories, by winning the fourth and fifth games of the series.**

## Montreal Defeat Buffalo

**Montreal, Sept. 14.—Montreal Royals evened their International League playoff series with the Buffalo Bisons at two victories, by winning the fourth and fifth games of the series.**

## Can Brown Bomber Bump the Bumps?

## ADA MCKENZIE OUT TO RETAIN HONORS TODAY

**WOMEN'S TITLE ON SCHEDULE**  
VANCOUVER, Sept. 14.—A pair of titanic feminine shot battles set off today in a 36-hole battle over the Jericho golf links in search of the Canadian women's 30th open golf championship. It will be an all-around first with a merry little match from Montreal, Mrs. John Dagnall, leading to end Ontario dominance in the form of her opponent, Miss Ada McKenzie of Toronto.

## Amateur Champion Banishes Goodman Semi-Final Round

**Little Fight Brilliant Round while Youthful Walter Emery Fighters on Final Drive**  
By ALAN GOULD  
CLEVELAND, Sept. 14.—Walter Emery, 16, started his way into the final round of the United States amateur golf championship by knocking off the famous "Pudge" of Friday, the 13th and immediately crushing the challenge of his own and successful under the seven rounds he had to fill all week and square off 21 holes of his own match, but he overcame a counter attack that threatened to leave him in the mud.

## LOCAL GRIDDERS PRACTICE SUNDAY

**With faint hopes of a summer game that Edmonton will have no intermediate or future gridiron team, a special practice has been called for all right-shoulder players to turn out at Victoria Hill School grounds on Sunday at 1:30 o'clock. The game will be played on the possibilities of even an intermediate or future team will depend much upon the turn-out of hopeful Stinks morning.**

# Cardinals Beaten By Gotham Giants As Cubs Triumph

## Dizzy Dean is Blasted for Trio of Runs in Tenth Inning Giving Giants 13-10 Margin.

ST. LOUIS, Sept. 14.—A three-run blast against Dizzy Dean in the 10th inning gave the Giants a 13-10 victory over the Cardinals Friday in the second game of their crucial series to even the count at one victory apiece. The triumph put the Giants 2½ games behind St. Louis, which dropped into a virtual tie with Chicago Cubs.

The Cards retained the lead by four percentage points, .635 to .631 as they have played fewer games than Chicago.

A double by relief pitcher, Frank Gabler, with two on bases after a misplay by Leo Duracher had let in one run climaxed the exciting but poorly played game. It was the fifth Cardinal error of the game.

The Cards blasted Clyde Littleton out in the second inning with five runs, only to fall behind in the sixth and again in the wild ninth inning which saw each team score four runs. The Giants collected a total of 20 hits off four St. Louis pitchers but made four costly errors on their own part. The Cards made only nine blows against five Giant fingers.

The high spot of the game came in the eighth inning when Pepper Martin, St. Louis third baseman, made an unassisted double play at first base. After dropping Bill Terry's liner with Travis Jackson on first, Martin recovered the ball while the runners failed to run, raved across to first, tagged Jackson out then stepped on the sack to double Terry.

New York . 621 291 094 3-12 20  
St. Louis . 650 000 014 6-10 9 9

Castellani, Smith, Stout, Cumber, Gabler and Macaroni. Myatt, Heuser, Hallahan, Walker, J. Dean and V. Davis.

**Chicago Ties  
With Leaders**  
CHICAGO, Sept. 14.—The speedy Chicago Cubs clicked off their 10th straight victory in their pursuit of the league leading St. Louis Cardinals Friday, knocking their hits off George Earnshaw to defeat Brooklyn 4-1 before a ladies' day crowd of 26,500.

Brooklyn . . . 610 000 000-1 8 1  
Chicago . . . 000 310 006-4 10 0  
Earnshaw, Leonard and Lopez, French and Hartnett.

**Curt Davis Hurts  
Phillies to Win**  
PITTSBURGH, Sept. 14.—The superb hurling of Curt Davis, who did not permit an enemy batsman to reach first until the fifth, enabled Philadelphia to defeat Pittsburgh 5-1 Friday. Paul Waner's homer in the ninth saved the batters from a shutout.

Philadelphia . . . 002 000 201-5 14 0  
Pittsburgh . . . 000 000 001-1 5 4  
Davis and Todd, Swift, Hoyt, Birkoff and Grace.

**Rookie Red Wins  
First Major Tilt**  
CINCINNATI, Sept. 14.—Rookie Walter Hilder from Toronto bested veteran Ed Brandt of Boston Braves in a pitching duel to give Cincinnati Reds a 1-0 victory in his first start this year. Hilder allowed eight hits, and Brandt only six.

Boston . . . 000 000 000-0 8 0  
Cincinnati . . . 010 000 009-1 6 1  
Brandt and Spohrer; Hilder and Lombardi.

**Track Stewards  
Suspend Trainer  
At Whittier Park**  
WINNIPEG, Sept. 14.—Suspension of Trainer Robert Ramsey and four horses from the Bar Ace Stakes was announced by stewards at the Whittier Park race track following a saliva test of Just Cost, a thoroughbred.

Just Cost won five of his last seven races and after his winning race of Monday a saliva test was taken. The stewards announced the test disclosed the horse had been given caffeine.

Suspension of Ramsey and the four horses under his care—Just Cost, Hot Whittier, Leader Boy and Wenty's Tim—was ordered immediately under signature of George W. Schilling, presiding steward.

**Barney Ross Wins  
Grand Ring Battle**  
SAN FRANCISCO, Sept. 14.—Barney Ross, welterweight titleholder, proved himself a great champion last night when he got off the canvas twice to score a 10-round decision over Cefarino Garcia, terrific punching Filipino in one of the finest battles seen here in many months.

**North Shore Team  
Wins In Lacrosse**  
VANCOUVER, Sept. 14.—A hard-fighting band of North Shore Indians won the semi-final series of the Inter-City Lacrosse League last night with an 18-10 victory over Vancouver Bluebirds. Approximately 2100 cheering fans witnessed the game, a number which is believed to have created a new record for Canadian box lacrosse in Canada.

The win gave the Indians the right to meet Richmond in the final of the British Columbia championship, the first game of which will be played Monday night.

**PRO SCULLERS RACE**  
LONDON.—A race for the professional sculling championship of England will be held from Putney to Mortlake on the River Thames at the end of September. J. P. F. will defend the title against H. A. Barry, a former champion.

## Detroit Continues on Fast Pace Trouncing Yankees by Big 13-5 Margin Fri- day.

NEW YORK, Sept. 14.—Detroit Tigers continued their fast pace along the pennant road Friday by walloping the second-place New York Yankees, their only remaining challengers, for the second straight time, 13-5. The victory increased Detroit's lead to 9½ games.

In contrast to yesterday's game, when they came from behind to win, the Tigers went out ahead in the first inning today when Gerald Walker clouted the first of the game's five home runs, and they never were headed.

Low Gehrig managed to tie the score in the fourth with his second home run of the game and his 20th of the season but he couldn't halt the rampant Detroit crew. The Tigers belted Lefty Gomez for four runs in the fifth and finished with a five-run rally in the seventh as Hank Greenberg poled homey number 35 with two aboard. The circuit swat put Greenberg two ahead of Jimmie Fox of Philadelphia Athletics in the major league race.

Schoolboy Rowe had a comparatively easy time hanging up his 13th victory of the season. He allowed only six hits in the first eight innings.

Detroit . . . 110 040 502-13 11 2  
New York . . . 010 101 005-5 9 2  
Rowe and Hayworth, Gomez, Malone and Dickey.

**Senators Score  
Win Over Tribe**  
WASHINGTON, Sept. 14.—Battling a pair of Cleveland pitchers for 13 hits, Washington Senators scored a fourth successive triumph by defeating the Indians 5-0.

Cleveland . . . 000 200 000-3 7 1  
Washington . . . 000 103 106-5 13 0  
Lee, Hildebrand and Brenzel, Hadley, Pettit and Bolton.

**Boston Divides  
Against Browns**  
BOSTON, Sept. 14.—The Red Sox belted a quintet of St. Louis mounders for 29 hits but were forced to divide a doubleheader when the Browns staged a four-run rampage in the eighth inning of the first game.

Wes Ferrell gained his 23rd win of the season when the Sox captured the opener. Lefty Fife, who Walberg dropped the 4-2 nightcap.

St. Louis . . . 100 100 101-4 10 2  
Boston . . . 000 411 324-13 15 2  
Van Atta, Wallop, Thomas and Hemley, Heath, W. Ferrell and R. Fife.

**Second game—**  
St. Louis . . . 000 000 000-4 12 0  
Boston . . . 010 000-2 10 0  
Andrews, Knott and Hemley; Walberg, Rhodes and Berg.

**Philadelphia A's  
Tounce White Sox**  
PHILADELPHIA, Sept. 14.—Philadelphia Athletics scoring eight runs in the first inning when Babe Philip injured six bases on balls, took their third straight from Chicago White Sox (6).

Eddie Huckleberry, right hander from the semi-pro lot of Oklahoma, making his big league debut was credited with the triumph but had to be relieved in the seventh inning.

Chicago . . . 100 044 200-7 8 0  
Philadelphia . . . 002 112 225-19 13 1  
Philip, Salmons, Chelini and Sewell; Gruber, Huckleberry, Leiber and Berry.

**Jockey Sena Boots  
Home Five Winners**  
VICTORIA, Sept. 14.—Jockey T. Sena had a field day at the Wilfords, with five winners. Mudders had their innings on a heavy trophy.

Brown Bonnet, Sporty up, broken in front in the first and stayed there. Louie Dear, the hot favorite, challenged strongly from behind but could not overtake.

**Syracuse Chiefs  
Win Over Newark**  
NEWARK, N.J., Sept. 14.—Syracuse Chiefs defeated Newark Bears for the third straight time in their International League playoff series last night, winning 5-1.

Syracuse . . . 100 000 200-5 7 0  
Newark . . . 100 000 000-1 4 2  
Gronkowski and Leggett; Latona, Wicker, Splitter, Kleinhaus and Hershberger.

**Freighter Heads  
Into North Ice**  
BOSTON, Sept. 14.—The British freighter Alma Dawson steamed toward Hudson Bay last night with the possibility of being ice-bound before winter makes its official bow along the Atlantic seaboard.

The vessel unloaded her cargo of Russian coal and left with her hold empty for Po. Churchill, on the western side of Hudson Bay, to take on a cargo of grain for a European port.

Port Churchill, 2,500 miles from Boston, is a run of at least 15 days for the 3,000-ton steamer, shipping agent Irving Hall said.

Hall said cold weather sets in near Port Churchill about the middle of September.

**Ex-Mounties  
Given Medals**  
MACLEOD, Sept. 14.—Four former members of the Royal Canadian Mounted Police were presented with long-service and good conduct medals here Friday. Those receiving the medals were: Staff Sergeant C. Hillier, who served 20 years; Staff Sergeant Alex. Alexander, 37 years; Sergeant-Major W. Armer, 35 years; and Corporal C. Moses, 22 years. Corporal Moses retired last March, the others three years ago.

# Fall Opening

BECAUSE EATON'S has always done important and very wearable clothing rather well, you will be more than a little excited about the EATON presentation of the Autumn mode. We invite you to attend the showing of the Fall Collections commencing Monday afternoon, September sixteenth. Because you love beauty, we urge you to see the Window Displays. We need scarcely remind you that prices, even on the most exclusive models, are EATON prices.

## THIS CURIOUS WORLD

### The MUSKRAT

MUSKRATS ARE WIDELY SPREAD OVER NORTH AMERICA, FROM THE ARCTIC COAST TO MEXICO! ALTHOUGH SIMILAR IN APPEARANCE TO BEAVERS, MUSKRATS ARE MORE CLOSELY AKIN TO MICE.

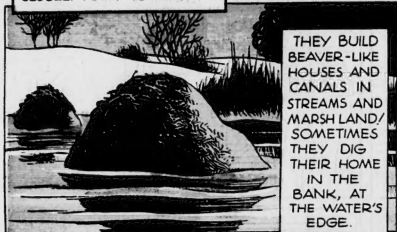

THE MUSKRAT'S TAIL IS FLATTENED VERTICALLY, WHICH ENABLES HIM TO USE IT AS A RUDDER AND PROPELLER, WHEN SWIMMING.

THE LIFE OF THE MUSKRAT IS FAR FROM ROSY! OWLS AND HAWKS ATTACK HIM FROM ABOVE.

LAND ANIMALS PREY UPON HIM WHEN HE IS ASHORE, WHILE MINKS PURSUE HIM UNDER WATER.

WATER PLANTS FURNISH MUCH OF A MUSKRAT'S DIET, BUT HE ALSO IS FOND OF CLAMS, FISH, AND FROGS.

MAN IS THE MUSKRAT'S GREATEST FOE! HE KILLS THE ANIMAL FOR ITS PELT, WHICH HE CALLS "HUDSON SEAL."

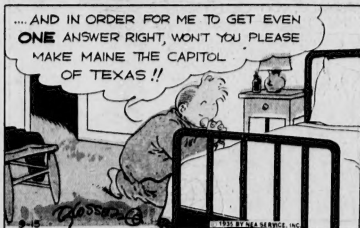

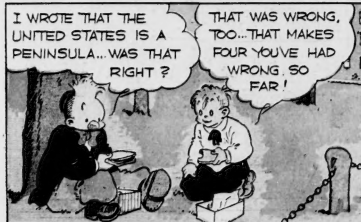

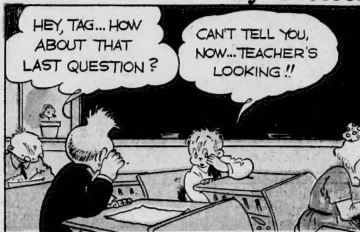

THEY BUILD BEAVER-LIKE HOUSES AND CANALS IN STREAMS AND MARSH LAND! SOMETIMES THEY DIG THEIR HOME IN THE BANK, AT THE WATER'S EDGE.

## FRECKLES AND HIS FRIENDS
